Subject: Geocache at North Shore Park.

Dear Mrs. Elsner,

My name is Dave Arthur and I am seeking permission to place a geocache at North Shore Park in the Town of Delafield. Geocaching is a high-tech treasure hunting game that involves searching for containers using GPS coordinates. Geocachers often practice an idea called Cache In, Trash Out, in which they pick up garbage that may be nearby after searching for the geocache. Geocaching can also increase the volume of people visiting your parks. The cache that I am proposing would be a small waterproof container hanging on a tree at the coordinates 43.0822923,-88.3334061. Thank you for any consideration and I understand if this is not possible.

Sincerely,
Dave Arthur
Hello Mary,

As we discussed earlier this week, I feel that it would be beneficial to change the hours of the Skate Park. As of know, the sign states that the skate park is open until 10pm. With there being no outdoor lighting for the skate park, I feel that this should be changed and the park should close at dusk/sundown. I feel this would be beneficial as I recently responded to the park for a teenager that had broken his ankle at the park while he was there during night time hours with no proper lighting. All that would need to be done would be to change the sign that is posted at the skate park to indicate the new hours. I am not sure if this would be a Town Board issue at this point but I know you mentioned that the Park and Rec Department is in flux right now. If you could please forward this on to whomever may help me with it.

Thank you,
